Prijava obsega prošnjo, v kateri študent zaprosi za sprejetje prijave teme doktorske disertacije z navedbo naslova predlagane doktorske disertacije in področja, na katerem bi študent želel izdelati doktorsko disertacijo, ter s predlogom mentorja

Content (Syllabus outline):

As a rule, in the first semester of the 1st year of study, the student submits the application for the topic of the doctoral dissertation to the study committee. The application of the topic of the doctoral dissertation is submitted by the student in three copies. mentorja posreduje v potrditev senatu. Ko senat fakultete potrdi temo doktorske disertacije in imenuje mentorja, študent lahko prične s pripravo osnutka dispozicije doktorske disertacije.

Študent rezultate raziskovalnega dela v pisni in ustni obliki predstavi javno pred strokovno komisijo za oceno Doktorskega seminarja 1, ki jo imenuje Senat Evropske pravne fakultete Nove univerze. V skladu s Pravilnikom o študiju na doktorskih študijskih programih Evropske pravne fakultete Nove univerze študent med drugim predstavi teoretske temelje proučevane tematike, raziskovalni načrt z raziskovalnimi vprašanji in metodologijo. Študent pojasni tudi pričakovano znanstveno izvirnost in relevantnost svojega dela.

V okviru tega predmeta se od študenta zahteva prisotnost in aktivno sodelovanje vsaj na petih predstavitev osnutkov dispozicij doktorskih disertacij oziroma doktorskih seminarjih ali zagovorih doktorskih disertacij drugih študentov istega programa ali na akademskih forumih Nove univerze.

After confirming the adequacy of the mentor, the student addresses the application of the topic of the doctoral dissertation to the study committee. Latter then forwards the topic and mentor proposal to the Senate for approval. Once the faculty senate approves the dissertation topic and appoints a mentor, the student can begin preparing the draft proposal of the doctoral dissertation.

The student presents the results of the research work in written and oral form publicly before a committee for the evaluation of Doctoral Seminar 1, appointed by the Senate of the European Faculty of Law of the New University. In accordance with the Regulations on Doctoral Study Programs of the European Faculty of Law of the New University, the student, among other things, presents the theoretical foundations of the studied topic, the research plan with research questions and the methodology. The student also explains the expected scientific originality and relevance of his work.

As part of this course, the student is required to be present and actively participate in at least five presentations or defences of draft dissertation proposals, doctoral seminars, or defences of doctoral dissertations of other student in the same study program or at the academic forums of the New University.

Temeljni literatura in viri / Readings:

Znanstvena dela – članki, monografske publikacije, zborniki, arhivski in drugi viri iz izbranega področja, ki ga osnutek dispozicije obravnava.

Scientific literature – articles, monographies, miscellanea, archival and other resources on the theme.

Cilji in kompetence:

Cilj je, da študent uspešno pripravi osnutek dispozicije doktorske disertacije, s čimer izkaže akademsko stopnjo znanstvenega načrtovanja.

Objectives and competences:

The student prepares a draft proposal of the doctoral dissertation, thereby demonstrating an academic level of scientific planning.

Cilj je študenta usposobiti za samostojni, ustvarjalni in kakovostni študij.

Obveznost priprave osnutka dispozicije doktorske disertacije študenta usposobi za samostojno znanstvenoraziskovalno delo na izbranem področju. Študent pridobiva kompetence za raziskovalno delo, ki je osnova za izdelavo doktorske disertacije. Obenem študent razvija svoje pisne kompetence za nadaljnje pisanje doktorske disertacije.

Študent nadaljuje z razvojem sposobnosti evidentiranja problema in njegove analize ter sposobnosti uporabe pridobljenega teoretičnega znanja v praksi. Obenem študent razvija svoje pisne kompetence za nadaljnje pisanje doktorske disertacije. Preko ustne predstavitve osnutka dispozicije doktorske disertacije pred strokovno komisijo za oceno primernosti dispozicije doktorske disertacije študent razvija svoje retorične sposobnosti in argumentacijske spretnosti.

Z uvedbo seminarja se zagotavlja dodatna časovna kontrola in zgodnji pristop k načrtovanju doktorske disertacije, kar omogoča s študijskim programom predvideno odobritev osnutka dispozicije doktorske disertacije s strani strokovne komisije za oceno primernosti dispozicije doktorske disertacije in Senata Evropske pravne fakultete Nove univerze do konca prvega letnika.

The aim is to prepare the student for independent, creative, and high-quality study.

The student acquires competencies for research work, which is the basis for the preparation of the doctoral dissertation. At the same time, the student develops writing skills for further writing of the doctoral dissertation.

The student continues to develop the ability to identify and analyse problems and the ability to apply acquired theoretical knowledge in practice.
