Pogoji za vključitev v delo oz. za opravljanje študijskih obveznosti:	**Prerequisits:**
-	-

Vsebina:	**Content (Syllabus outline):**
Študent praviloma v prvem semestru 1. letnika študija naslovi prijavo teme doktorske disertacije na študijsko komisijo. Prijavo teme doktorske disertacije odda študent v treh izvodih. Prijava obsega prošnjo, v kateri študent zaprosi za sprejetje prijave teme doktorske disertacije z navedbo naslova predlagane doktorske disertacije in področja, na katerem bi študent želel izdelati doktorsko disertacijo, ter s predlogom mentorja Študent v okviru obveznosti Doktorski seminar	As a rule, the student submits the application for the topic of the doctoral dissertation in the first semester of the 1st year of study to the study committee. The application of the topic of the doctoral dissertation is submitted by the student in three copies. The application comprises a request in which the student applies for the acceptance of the application for the topic of the doctoral dissertation, stating the title of the proposed one

poroča o svojih dosedanjih rezultatih raziskovalnega dela. Namen seminarja v 2. letniku je preverjanje ustreznosti raziskovalnega dela, ki ga študent pod vodstvom mentorja poda v obliki referata/članka. V okviru raziskovalnega dela se od študenta zahteva tudi aktivna udeležba z referatom/člankom s področja študentovega raziskovanja na doktorski znanstveno-raziskovalni mednarodni konferenci Nove univerze.	doctoral dissertation and the field in which the student would like to produce a doctoral dissertation, and s suggestions of the mentor Within the obligations of the Doctoral Seminar, the student reports on his results of research work. The purpose of the seminar in the second year is to check the adequacy of the research work given by the student under the guidance of the mentor in the form of the research article/paper. As part of the research work, the student is also required to actively participate with a paper / article in the field of student research at the doctoral scientific-research international conference of the New University.

Temeljni literatura in viri / Readings:

Znanstvena dela – članki, monografske publikacije, zborniki, arhivski in drugi viri iz izbranega področja, ki ga osnutek dispozicije obravnava.

Scientific literature – articles, monographies, miscellanea, archival and other resources on the chosen topic.

Cilji in kompetence:	**Objectives and competences:**
Cilj je, da študent uspešno pripravi referat/članek s področja raziskovanja, s čimer izkaže akademsko stopnjo znanstvenega načrtovanja. Cilj je, da se študent usposobi za poglobljen samostojni, ustvarjalni in kakovostni študij. Doktorski seminar študenta usposobi za poglobljeno samostojno znanstvenoraziskovalno delo na izbranem področju. Študent pridobiva kompetence za raziskovalno delo, ki je osnova za izdelavo končne doktorske disertacije. Študent nadaljuje z razvojem sposobnosti evidentiranja problema in njegove analize ter	The aim is for the student to successfully prepare the research article/paper in the field of his research, thereby demonstrating an academic level of scientific planning. The aim is to train the student for in-depth independent, creative, and high-quality study. The Doctoral Seminar trains the students for in-depth, independent scientific research work in the chosen field. The student acquires competencies for research work, which is the basis for the preparation of the final doctoral dissertation. The student continues to develop the ability to identify and analyse problems and the ability to

sposobnosti uporabe pridobljenega teoretičnega znanja v praksi. Obenem študent razvija svoje pisne kompetence za nadaljnje pisanje doktorske disertacije in znanstvenega članka, v okviru predstavitve referata/članka na doktorski znanstveni-raziskovalni mednarodni konferenci Nove univerze, pa tudi svoje retorične kompetence.	apply acquired theoretical knowledge in practice. At the same time, the student develops his writing competencies for further writing of the doctoral dissertation and the scientific article. Through the oral presentation of the article/paper at the doctoral scientific-research international conference of the New University, the student also develops his rhetorical skills.

Predvideni študijski rezultati:	**Intended learning outcomes:**
Študent bo izdelal referat/članek s področja njegovega raziskovanja, vezanega na doktorsko disertacijo. Vsebino raziskovalnega dela študent predstavi na doktorski znanstveni-raziskovalni mednarodni konferenci Nove univerze. Znanje in razumevanje: - pridobitev in osvojitev znanja z ožjega znanstvenega področja, v katerega sodi doktorska disertacija; - naučiti se prenosa znanstvenega raziskovanja v proces pisanja; - pridobiti kritičen in objektiven pristop do trditev in razumevanja znanstvene literature; - naučiti se javno predstaviti svoje raziskovalno delo in ga ustrezno argumentirati.	The student will prepare the research article/paper in the field of research related to the doctoral dissertation. The content of the article/paper will be presented by the student at the doctoral scientific-research international conference of the New University. Knowledge and understanding: - Acquire and master knowledge in the specific academic field to which the doctoral dissertation belongs. - Learn to transfer the scientific research into the writing process. - Develop a critical and objective distance towards the arguments and understanding of scientific literature. - Learn to publicly present and appropriately argue the research work.

Metode poučevanja in učenja:	**Learning and teaching methods:**
Oblike dela vključujejo frontalno obliko poučevanja in samostojno delo študentov. Študent deluje večinoma samostojno raziskovalno, pri tem mu pomaga mentor, ki ga tudi ustrezno usmerja.	Forms of work include a frontal approach of teaching and independent work of students. The student works mostly individually, and is monitored, assisted and directed by the mentor.

Študent pripravi referat/članek in ga predstavi na doktorski znanstveni-raziskovalni mednarodni konferenci Nove univerze.	The student prepares an article/paper and presents it at the doctoral scientific-research international conference of the New University.

Načini ocenjevanja:	Delež (v %) / Weight (in %)	**Assessment:**
1. Referat/članek	1. 50 %	1. Article/paper
2. Predstavitev	2. 50 %	2. Presentation
